

# MSRP's Building Wealth 101

*September – November of 2016*

FEDERAL RESERVE BANK OF DALLAS

This half-day seminar is based on ***Building Wealth: A Beginner's Guide to Securing Your Financial Future***, a workbook created by the Federal Reserve Bank of Dallas. It is supplemented by some **basic** information on estate planning, as well as information on how using your Supplemental Retirement Plans with MSRP makes it easy to save for retirement.

Building wealth requires having the right information, planning and making good choices. The seminar provides **basic** information and a systematic approach to building personal wealth. It is based on time honored principles: budget to save; save and invest; control debt; and protect the wealth you accumulate. By following these principles you **can** meet your financial goals such as paying off debt, saving for retirement, putting away money for a rainy day, buying a home, and sending your child to college. *Note that this seminar is a **BASIC** overview of these topics.* We will provide websites and apps that will offer more in-depth information and tools to help you achieve your goals.

Sign-in starts at 8:45 a.m. and the seminar will end at 12:30 p.m. Each session will be limited to 50 State employees. Registration instructions are below. Spouses are welcome to attend, space permitting.
